This instruction manual, combined with a separate instruction sheet of Zoukei-mura SWS 1/32 P-51D kit, describes the way to recreate P-51K and BRITISH MODEL R.A.F. MUSTANG IV, by explaining how to choose the parts and the coloring process. There are four examples of airplane paintings in the latter half pages, and an illustration shows where to put the decals on. This is a must-read instruction manual.

別紙1/32「P-51D」説明書と本書を合わせて確認して、組み立て内容を理解してから工作を始めてください。
Please refer to this paper, together with the 1/32 P-51D Manual, to understand how to assemble this kit before you start working on it.
