

Attention!

- This item is meant for hobbyists 15 years of age or older. Please do not give this item to children under 15.
- This item is intended for use with the Zoukei-mura 1/32 "Henschel Hs 129".
- The polyethylene bags that contain the parts and assembly manual present a suffocation risk. Please do not drop the parts or bend them in unintended ways, as they may be damaged.
- In order to properly express the shape of the sculptures, it was unavoidable for some parts to have sharp edges. Please be careful.

1/32 "Hs 129" Assembly Instructions These parts will be inserted when assembling the 1/32 "Hs 129" kit.

◆ Tail Wheel Strut Attachment

Instead of parts L-22 and L-24 and L-23, insert and attach the tail wheel strut 1 and the tail wheelstrut 2 and the tail wheel yoke strut of this set.

1/32 Hs 129 B-2/R11
Instruction Manual P.23

■ Tail Wheel Strut 1

Instead of part L-24, insert and attach the tail wheel strut 1 of this set.

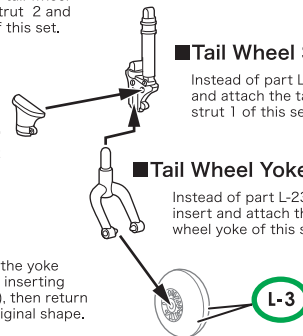

■ Tail Wheel Strut 2

Instead of part L-22, insert and attach the tail wheel strut 2 of this set.

■ Tail Wheel Yoke

Instead of part L-23, insert and attach the tail wheel yoke of this set.

Slightly widen the yoke prongs before inserting the wheel (L-3), then return the yoke its original shape.

◆ Important Points for Assembly ◆

- Before opening the bag, please carefully read this instruction manual and verify that all the parts are included. Please also refer to the 1/32 "Henschel Hs 129" instruction manual to use these parts.
 - To build this kit, a big pincher, a cutting knife, sandpaper, waterproof sandpaper, instant glue, and Metal Primer spray are required. Please make sure they are at hand before starting your work.
 - This kit is made with metal. Parts are remodeled. After cutting with the large pincher the "gate" made during production, scrape the flash with sandpaper and polish the surface using water. Because the blade of nippers might break up, please use caution. After roughly sharpening the "parting lines" with the cutting knife and the sandpaper, clean up and polish the surface with waterproof sandpaper. Be careful not to damage the parts.
 - To affix the parts of the kit, please use instant glue. Please do not use glue dedicated to plastic models.
 - Before painting, make a primer coat using the Metal Primer. (Without primer coat, paint may peel.)
 - The recommended brand for painting your kit is the environment-friendly latest line of paint from Vallejo Color. Please refer to the Zoukei-mura 1/32 "Henschel Hs 129" Instruction Manual and Luftwaffe historical manuals to paint the model with the coloring of your choice.
- ※ Please carefully use the tools and the solvents used for assembly and painting by referring to their instruction manuals.

Chart of Included Parts

■ Main Landing Gear Strut (Right) ■ Main Landing Gear Strut (Left) ■ Tail Wheel Yoke
■ Tail Wheel Strut 1

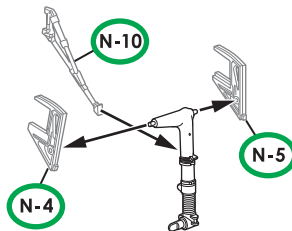

We take the utmost of care when overseeing manufacturing, but if your kit is among the very small percentage that contains a defective part, please contact customer service within two weeks of your purchase with your full name and order number.

◆ Main Landing Gear Strut (Right)(Left) Attachment

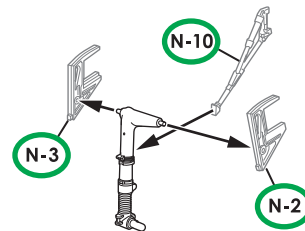

Instead of parts N-6(right) and N-7(left), insert and attach the main landing gear strut (right) and the main landing gear strut (left) of this set.

1/32 Hs 129 B-2/R11
Instruction Manual P.31

■ Main Landing Gear Strut (Right)

Instead of part N-6, insert and attach the main landing gear strut (right) of this set.

■ Main Landing Gear Strut (Left)

Instead of part N-7, insert and attach the main landing gear strut (left) of this set.

When using the weighted tires parts (sold separately), the accuracy of the kit increases considerably.
