◆◆Important Points for Assembly◆◆

- When using these parts, please read carefully the Instruction Manual of the 1/48 "F-4 PHANTOM II" EJ Kai type kit. If you use this set with the F-4EJ type, please check the parts prior to assembly. Please prepare the necessary tools for assembly too.
- Please use nippers for etching parts when cutting off the etching parts. Tweezers may also be very useful when handling the parts you cut and attaching them to the kit.
- Please use instant glue for cementing these parts. Please note that these parts cannot be glued with plastic model kit cement. Before painting the parts, please spray a coat of metal primer (otherwise, the paint may peel as time passes).
- The recommended brand for painting your kit is the latest line of acrylic paint from Vallejo Color. Please refer to the Zoukei-mura 1/48 "F-4 PHANTOM II" Instruction Manual and Japan Air Self-Defense Force historical manuals to paint the model with the coloring of your choice.
- Before using tools and paints, please carefully read their instructions manuals and use them safely.

We take the utmost of care when overseeing manufacturing, but if your kit is among the very small percentage that contains a defective part, please contact customer service within two weeks of your purchase with your full name and order number.

Purchasers from VOLKS Japan International Web Site: Please contact imos@volks.co.jp.
