1/48 F-4J PHANTOM II

How to Attach Decals

1. Cut out the decal part you plan to attach using scissors or a similar tool. Roughly remove the excess area.
2. Moisten the decals in water or benzine, and apply the decals onto the surface. Make sure the entire decal is in contact with the surface.
3. Remove any excess water using a soft cloth or a brush. Avoid touching the decals with a hand.
4. The decals will be firm in about 24 hours. Avoid applying any solvents to the decals.

 BATCH OF 2001

Zoukei-Mura Inc.

For use in Japan only.
