

### Attention!

- This item is meant for hobbyists 15 years of age or older. Please do not give this item to children under 15.
- This item is intended for use with the Zoukei-mura 1/32 "Ta 152 H-1".
- The polyethylene bags that contain the parts to and assembly manual present a suffocation risk. Please do not drop the parts or bend them in unintended ways, as they may be damaged.
- In order to properly express the shape of the sculpt, it was unavoidable for some parts to have sharp edges. Please be careful.

### ◆◆Important Points for Assembly◆◆

- Please carefully read the assembly manual prior to opening and make sure that everything is included. Please refer to the 1/32 "Ta 152 H-1" kit's Instruction Manual too when using this set.
- To use this item, tools such as a pin vise and a 2.2mm diameter drill bit are required (refer to page 5 of the kit's Instruction Manual). Please prepare them.
- Please replace the MG151 barrel, pitot tube and antenna parts of the 1/32 "Ta 152 H-1" with this kit. In case the diameter of the gun barrel does not fit the hole of the kit's part, please open a hole with a pin vise and a 2.2mm diameter drill bit to insert the gun barrel.
- During assembly, adjust the orientation of each part while checking the balance and pose of the entire kit.
- Instant glue should be used for these parts. Please note that they cannot be glued with plastic model kit cement. Before painting, please make a base coat of metal primer (otherwise, the paint will chip off as time passes).
- The recommended brand for painting your kit is the latest line of paints from Vallejo Color, due to its non-toxicity and environmental friendliness. While referring to resources on historical Luftwaffe aircrafts, you may paint the model with the coloring of your choice.

※ When it comes time to use tools and paints, please carefully follow each tool instructions for your safety.

### Chart of Included Parts

We take the utmost of care when overseeing manufacturing, but if your kit is among the very small percentage that contains a defective part, please contact customer service within two weeks of your purchase with your full name and order number.

## Turned Metal Machine Gun and Pitot Tube Assembly Instructions

Please refer to the Instruction Manual of the 1/32 "Ta 152 H-1" to assemble this set with the kit.

### ◇ MG151 Gun Barrels Attachment

1/32 Ta 152 H-1  
Instruction Manual  
P17

Attach first the fairings to the MG151 gun barrels, then attach the barrels to the wings. In case the wings' holes for assembly are not opened, please use a pin vise and a 2.2mm diameter drill bit to open them.

### ◇ Fairings Attachment to the MG151 Gun Barrels

Use the parts after attaching the 2 fairings as shown. Please assemble 2 sets.

### ◇ Pitot Tube and Antenna Attachment

1/32 Ta 152 H-1  
Instruction Manual  
P28

Please replace the original plastic parts of the 1/32 "Ta 152 H-1" kit by the metal parts of this set.
