How to Assemble the Covers in the Open Position

Assemble the gun panels, magazine box covers, etc in the open position.

Please prepare and attach the photo-etched parts before the installation of the main landing gear struts.

Assemble both main wings in the same manner.

Assemble two sets of these.

How to Wire

How to Curve the Photo-Etched Parts

Put the part on a flat, soft surface (rubber mat, magazine, etc,) then roll a rod on the part to curve it.

SUPER WING OPTIONS

These are photo-etched parts. Please be careful during assembly.

Plastic model cement won't work on these parts. Please use a suitable instant glue.

Attention!

These are extra parts to be used with the "A-1H Skyraider" kit.

Important Points for Assembly

To use this item, please check the assembly manual of the 1/32 "A-1H" Skyraider as well. Please prepare all required tools.

To cut the photo-etched parts, please use a metal nipper. Model kit tweezers are very useful when handling these parts after they are cut and when attaching them to the aircraft.

Instant glue should be used for these parts. Please note that they cannot be glued with plastic model kit cement. Base preparation is required before painting. Please finish with a coat of metal primer or similar.

With regard to paint, after taking personal safety and the global environment into consideration, we recommend using "Vallejo Colors," acrylic hobby paints for the new century. Please check references regarding the US Navy at that point and the assembly manual of 1/32 "A-1H" Skyraider, and finish your Skyraider in your preferred color scheme.

When it comes time to use tools and paints, please carefully follow the individual instructions respective to each tool for your safety.

Please note that items which have been opened, or worked with, can't be exchanged.

Thank you for your understanding.

We take the utmost of care when overseeing manufacturing, but if your kit is among the very small percentage that contains a defective part, please contact customer service within two weeks of your purchase with your full name and order number.

Purchasers from VOLKS Japan International Web Site:

Please contact imos@volks.co.jp.

Purchasers from VOLKS USA:

Please contact service@volksusa.com.
