

### Attention!

- This item is meant for hobbyists 15 years of age or older. Please do not give this item to children under 15.
- This item is intended for use with the Zoukei-mura 1/48 "Ho 229".
- The polyethylene bags that contain the parts and assembly manual present a suffocation risk. Please do not drop the parts or bend them in unintended ways, as they may be damaged.
- In order to properly express the shape of the sculpt, it was unavoidable for some parts to have sharp edges. Please be careful.

### ◆◆Important Points for Assembly◆◆

- Please carefully read the assembly manual prior to opening and make sure that everything is included.
- To use this item, tools such as ●nippers, ●craft knife, ●files, ●sanding papers, ●instant glue, etc., are required, so please prepare them.
- Please prepare the parts first. You can remove "parting lines" and "gate marks" with tools such as nippers, craft knives and files. Urethane resin is softer than the plastic material used for the kit, so be careful to avoid carving too much. Air bubbles can be filled with putty (epoxy, plastic, etc.) or similar, then finished with sanding paper. In case that mold details are lost, you can recover them with tools such as spatulas.
- During the assembly, adjust each part's angle of attachment while checking the balance and pose of the entire kit.
- Please use instant glue for cementing these parts. Please note that these parts cannot be glued with plastic model kit cement.
- Process the surface of the parts before painting. Please prepare the surface of the parts by spraying a surfacer on the entire surface (otherwise, the paint may peel as time passes).
- The recommended brand for painting your kit is the latest line of paint from Vallejo Color. Please refer to the Zoukei-mura 1/48 "Horten Ho 229" Instruction Manual and Luftwaffe historical manuals to paint the model with the coloring of your choice.

※Before using tools and paints, please carefully read their instructions manuals and use them safely.

### Chart of Included Parts

Brake Pipes Attachment Position

■ Main Tire : Right

■ Main Tire : Left

■ Nose Wheel

Please check the attachment position of the brake pipes to differentiate the left and right main tires.

We take the utmost of care when overseeing manufacturing, but if your kit is among the very small percentage that contains a defective part, please contact customer service within two weeks of your purchase with your full name and order number.

## 1/48 "Horten Ho 229" Assembly Instructions

These parts will be inserted when assembling the 1/48 "Horten Ho 229" kit. Please refer to the instruction manual of the "Horten Ho 229".

### ◆ Main Tires (Left and Right) Attachment

1/48 Horten Ho 229 Instruction Manual p.12

When assembling the main landing gears, please replace parts C-22 by the "Main Tires (Left and Right)" parts of this kit and attach.

Please assemble and adjust the parts in order the flat surface of the weighted tires touch the ground.

### ◆ Nose Wheel Attachment

1/48 Horten Ho 229 Instruction Manual p.12

When assembling the nose wheel, please replace parts C-23 and C-24 by the "Nose Wheel" parts of this kit and attach.

■ Nose Wheel

Please assemble and adjust the parts in order the flat surface of the weighted tires touch the ground.

### 021 前脚 Nose Landing Gear

Additionally affixing the separately sold "Metal Struts" parts will increase the stability and strength of the kit.
