Photo-Etched Parts- Exterior and Engine Set

ZOUKEI-MURA INC. PRESENTS
SUPER WING SERIES
 1/32 NORTH AMERICAN
P-51D Mustang
 These are extra parts to be used with the P-51D Mustang kit.

These are photo-etched parts. Please be careful during assembly.
 Plastic model cement won't work on these parts. Please use a suitable instant glue.

SWS04-M06

Attention!
 This item is meant for hobbyists 15 years of age or older. Please do not give this item to children under 15.
 This item is intended for use with the Zoukei-mura 1/32 "P-51D Mustang". The polyethylene bags that contain the parts and assembly manual present a suffocation risk. Please do not drop the parts or bend them in unintended ways, as they may be damaged.
 In order to properly express the shape of the items, it was unavoidable for some parts to have sharp edges. Please be careful. Also, please make sure not to leave them in the reach of small children.

Plan & Design : Zoukei-Mura, Inc. Manufacturer : Eduard
 Distributor : VOLKS, Inc. <http://www.volks.co.jp/en/index.aspx>

Important Points for Assembly

To use this item, please check the assembly manual of the 1/32 "P-51D" Mustang as well. Please prepare all required tools.
 To cut the photo-etched parts, please use a metal nipper. Model kit tweezers are very useful when handling these parts after they are cut and when attaching them to the aircraft.
 Instant glue should be used for these parts. Please note that they cannot be glued with plastic model kit cement. Base preparation is required before painting. Please finish with a coat of metal primer or similar.
 With regard to paint, after taking personal safety and the global environment into consideration, we recommend using "Vallejo Colors" acrylic hobby paints for the new century. Please check references regarding the US AAF at that point and the assembly manual of 1/32 "P-51D" Mustang, and finish your Mustang in your preferred color scheme.
 When it comes time to use tools and paints, please carefully follow the individual instructions respective to each tool for your safety.

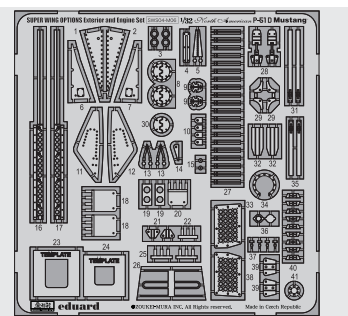

We take the utmost of care when overseeing manufacturing, but if your kit is among the very small percentage that contains a defective part, please contact customer service within two weeks of your purchase with your full name and order number.
 Purchasers from VOLKS Japan International Web Site:
 Please contact imos@volks.co.jp.
 Purchasers from VOLKS USA : Please contact service@volksusa.com.
 Please note that items which have been opened, or worked with, can't be exchanged. Thank you for your understanding.
