

WARNING: Read Carefully

- For ages 15 and up.
- Read all instructions before use. Only use as instructed.
- Contains small and sharp parts. Do not swallow and be careful of injury.
- Keep out of reach of small children.
- Plastic bags may cause suffocation. Do not use them to cover your head or face.
- This product is delicate. To avoid breakage, do not forcibly bend, drop, or apply too much pressure.
- The outer packaging may be damaged during transportation.
- Keep the instructions. Please contact our Customer Service Center if you have any questions or concerns.

- This assembly kit is made of turned metal.
- Assembly requires nippers, precision knives, super glue, and paint.

3-4. O

MG 17 機銃
MG 17 Machine Guns

MG 17 7.92mm Machine Guns

Additionally affixing the separately sold "Interior Set" part will increase the stability and strength of the kit.

◆◆ Important Points for Assembly ◆◆

■ Before opening the bag, please carefully read this instruction manual and verify that all the parts are included. Please also refer to the ZOUKEI-MURA SWS 1/32 "Fw 190" Instruction Manual to use these parts.

■ You will need a pin vice with a 1.0mm drill bit to assemble these parts. Please see p. 6 of the kit's manual.

■ This set replaces the machine gun and pitot tube plastic parts used in the ZOUKEI-MURA SWS 1/32 "Fw 190 A" with turned metal and resin parts. Please read these instructions as well as the kit's manual before assembling with your 1/32 "Fw 190" kit.

■ To affix the parts of the kit, please use instant glue. Please do not use glue dedicated to plastic models. Before painting, make a primer coat using the Metal Primer. (Without primer coat, paint may peel.)

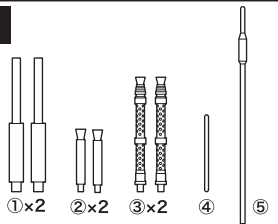

■ The recommended brand for painting your kit is the latest line of acrylic paint from Vallejo Color. Please refer to the ZOUKEI-MURA SWS 1/32 "Fw 190" Instruction Manual and Luftwaffe historical manuals to paint the model with the coloring of your choice.

■ Please note that depending on the model, the antenna may not be used or the armament may change for the Zoukei-Mura SWS 1/32 "Fw 190" A type.

※ When it comes time to use tools and paints, please carefully follow the individual instructions respective to each tool for your safety.

Chart of Included Parts

- ① MK 151 Barrel
- ② MG FF Barrel
- ③ MG 17 Barrel
- ④ Antenna
- ⑤ Pitot Tube

We take the utmost of care when overseeing manufacturing, but if your kit is among the very small percentage that contains a defective part, please contact customer service within two weeks of your purchase with your full name and order number.
