## ◆◆ Important Points for Assembly ◆◆

- Before opening the bag, please carefully read this instruction manual and verify that all the parts are included. Please also refer to the ZOUKEI-MURA SWS 1/32 "Ki-100-I Otsu" Instruction Manual to use these parts.
- You will need a pin vice with a 1.0mm drill bit to assemble these parts. Please see p. 6 of the kit's manual.
- This set replaces the machine gun and pitot tube plastic parts used in the ZOUKEI-MURA SWS 1/32 "Ki-100" with turned metal and resin parts. Please read these instructions as well as the kit's manual before assembling with your 1/32 "Ki-100" kit.
- To affix the parts of the kit, please use instant glue. Please do not use glue dedicated to plastic models. Before painting, make a primer coat using the Metal Primer. (Without primer coat, paint may peel.)
- The recommended brand for coloring your kit is the latest line of acrylic paint from Vallejo Color. Please refer to the ZOUKEI-MURA SWS 1/32 "Ki-100-I Otsu" Instruction Manual and Imperial Japanese Army historical manuals to paint the model with the coloring of your choice.
- This kit can be used with both the Otsu version and other variants of the Zoukei-Mura SWS 1/32 Ki-100.

※When it comes time to use tools and paints, please carefully follow the individual instructions respective to each tool.

## Chart of Included Parts

- ① Ho-5 Barrel
- ② Ho-5 Cooling Jacket (Resin)
- ③ Ho-103 Barrel Jacket
- ④ Ho-103 Barrel Jacket
- ⑤ Pitot Tube

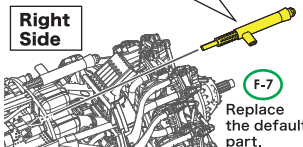

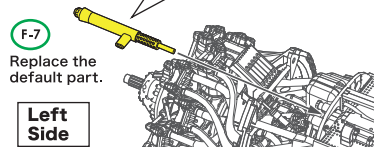

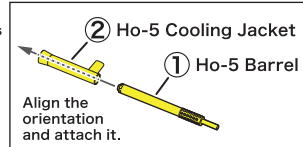

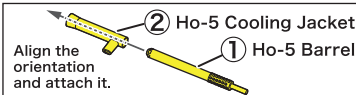

We take the utmost of care when overseeing manufacturing, but if your kit is among the very small percentage that contains a defective part, please contact customer service within two weeks of your purchase with your full name and order number.
