

### Attention!

- This item is meant for hobbyists 15 years of age or older. Please do not give this item to children under 15.
- This item is intended for use with the Zoukei-mura 1/48 "J7W1 SHINDEN".
- The polyethylene bags that contain the parts and assembly manual present a suffocation risk. Please do not drop the parts or bend them in unintended ways, as they may be damaged.
- In order to properly express the shape of the parts, it was unavoidable for some parts to have sharp edges. Please be careful.

### EXTRA PARTS

**SUPER WING SERIES**

## SUPER WING OPTIONS

## Turned Metal Machine Gun and Pitot Tube Set

This is a metal (turned) kit. Please note that these parts cannot be glued with plastic model kit cement. Instant glue would be a better alternative.

### Note for assembly

Before opening the bag, please carefully read this instruction manual and verify that all the parts are included. Please also refer to the 1/48" Shinden "instruction manual to use these parts.

To build this kit, please prepare big pliers, cutters, files, sandpapers, instant glue pin vise and drill blades (0.5mm diameter) metal primer spray.

In order to assemble this kit, once you have worked and embedded the 1/48" Shinden " machine gun parts (A-9, A-10, A-11, A-12) you need to assemble them to the main fuselage of the kit. Please check your work regularly.

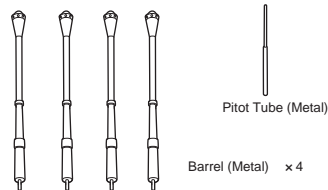

Please note that these parts cannot be glued with plastic model kit cement. Instant glue should be used instead.

Before painting, clean up the basic surface with a metal primer spray. (If you don't, the paint may peel off as time passes by.)

The recommended brand for painting your kit is the latest line of paint from Vallejo Color. While referring to Zoukei-mura 1/48" Shinden " Instruction Manual and historical resources on the Japanese Imperial Navy, you may paint the model with the coloring of your choice.

Use all the tools and solutions for assembling and painting by following their respective instruction manuals.

### Chart of Included Parts

We take the utmost of care when overseeing manufacturing, but if your kit is among the very small percentage that contains a defective part, please contact customer service within two weeks of your purchase with your full name and order number.

## 1/48" J7W1 SHINDEN " Assembly Instructions

These parts will be inserted when assembling the 1/48" J7W1 SHINDEN "kit. Please refer to the instruction manual of the "J7W1 SHINDEN. "

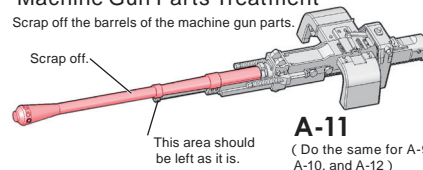

## Barrel Insertion

1/48 J7W1 SHINDEN  
Instruction Manual p.6-7

Before assembling the 1/48 " Shinden ", treat just the barrels of the machine gun parts (A-9, A-10, A-11, A-12) and then replace them with the barrels (metal parts) of this set. Please treat these parts only once you have checked the area to scrap off.

## Machine Gun Parts Treatment

Scrap off the barrels of the machine gun parts.

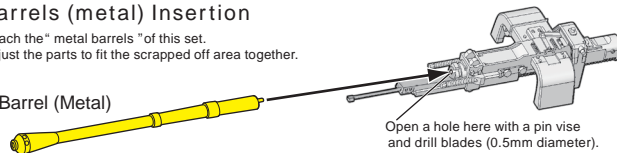

**A-11**  
(Do the same for A-9, A-10, and A-12)

## Barrels (metal) Insertion

Attach the " metal barrels " of this set.  
Adjust the parts to fit the scrapped off area together.

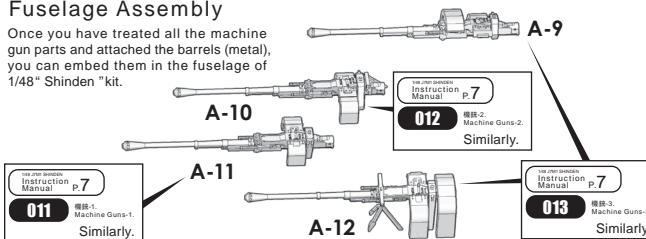

### Barrel (Metal)

Open a hole here with a pin vise and drill blades (0.5mm diameter).

## Fuselage Assembly

Once you have treated all the machine gun parts and attached the barrels (metal), you can embed them in the fuselage of 1/48" Shinden "kit.

1/48 J7W1 SHINDEN  
Instruction Manual p.7  
**011** 機銃-1. Machine Guns-1.  
Similarly.

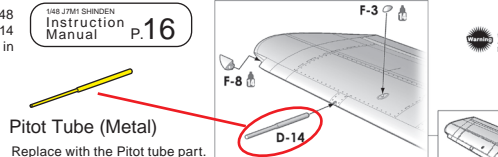

1/48 J7W1 SHINDEN  
Instruction Manual p.7  
**012** 機銃-2. Machine Guns-2.  
Similarly.

1/48 J7W1 SHINDEN  
Instruction Manual p.7  
**013** 機銃-3. Machine Guns-3.  
Similarly.

## Pitot Tube (Metal) Insertion

**031** 右主翼機陣灯とピトー管  
Right Main Wing Formation Lights and Pitot Tube

In order to assemble the 1/48 " Shinden ", replace part D-14 with the Pitot tube included in this set.

**Pitot Tube (Metal)**  
Replace with the Pitot tube part.
